

myzone Touchscreen install guide

What you'll need

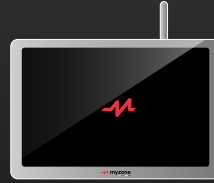

1 TV

2 Power outlet

3 Myzone Touchscreen

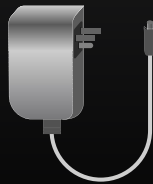

4 Myzone Receiver

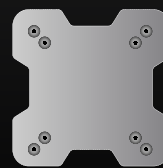

5 HDMI cord

6 Power cord

7 Touchscreen wall mount

7 Internet network

Steps to follow

First, decide on placement for your Myzone touchscreen and receiver as this is critical to optimal performance at your facility. Contact your Myzone Representative for assistance.

- 1 Make sure all the required items have been received - You should have
 - a) Myzone Touchscreen
 - b) HDMI Cord
 - c) Power cord x 2
 - d) Touchscreen wall mount

- 2 Connect the Myzone Receiver to the touchscreen through the USB port. **The receiver should be mounted on the wall 8-10 feet above the ground with no obstructions.**
